

Atmospheric Ice Nucleation Conference

- Boston, MA, USA -

- *Just prior to the 100th AMS* -

JAN

10th - 11th

2020

- Session titles and invited speakers -

- ◆ The impact of INPs on clouds and climate
Ivy Tan – NASA
- ◆ Fundamentals of ice nucleation
Angelos Michaelides – University College London
- ◆ The characteristics of atmospheric INPs
Tom Hill – Colorado State University
- ◆ Insights from measurements of atmospheric INPs around the world
Christina McCluskey – NCAR
- ◆ The human impact on INPs and ice formation around the globe
Zhijun Wu – Peking University
- ◆ INP versus ice concentrations in clouds
Paul Field – UK Met Office
- ◆ The modification of weather or climate with artificial INPs
Lulin Xue – NCAR

- Organizing Committee -

- Daniel Cziczo - Benjamin Murray -
- Yan Yin - Jessie Creamean -
- Yutaka Tobo - Ottmar Möhler -
- Luis Ladino - Trude Storelvmo -
- Gabriele Sosso - Ann Fridlind -
