

Once again this November, The Aerosol Society is holding its flagship annual events. As a potential sponsor or exhibitor, we are pleased to offer you the opportunity to secure exhibition space and/or highlight your organisation to our members, delegates and invited guests. Your valued contribution assists the Society to support the next generation of aerosol scientists.

The Events

Fundamentals of Aerosol Science (FAS) - Wednesday 8th November 2017

'The Aerosol Society Fundamentals of Aerosol Science Course provides an opportunity for new researchers to explore aerosol science and improve their knowledge of some of the fundamental concepts via lectures delivered by experts from academia and industry plus hands on equipment demonstrations'

- **Exhibitors will be allocated specified times with selected delegates for product presentations within the programme.**

The Annual Aerosol Science Conference (AASC) - Thursday 9th November 2017

'Our annual conference provides a forum for like-minded aerosol scientists to share knowledge through a programme of talks from leading experts, poster presentations and specifically chosen hands on equipment demonstrations from our industry exhibitors'

- Our theme this year is '**Pushing the Limits in aerosol Measurements**' and we will have three leading plenary speakers – **Jim Haywood** (Met Office), **Barbara D'Anna** (French National Centre for Scientific Research) & **Robert Price** (University of Bath).
- Our invited talks will be supported by additional contributed talks from our members and by a poster review in the main exhibition room alongside our exhibitors.
- **Exhibitors will be allocated specified times with selected delegates for product presentations within the programme.**

The Venue

Once again, we have secured our venue of choice – The Nicolson Building at the University of Birmingham.

- Easily accessible for both delegates and exhibitors. No loading restrictions and nearby parking.
- Your exhibition space is ideally located within the refectory at the heart of the Nicolson Building. An extended buffet lunch and refreshment breaks throughout each day will provide ample opportunity to meet our delegates, network and showcase your products.
- Enhanced delegate conference packs – Aerosol Society branded, recycled & reusable canvas bags.
- Informal drinks reception in exhibitor area to conclude the Fundamentals of Aerosol Science on the 8th November and to welcome delegates arriving for the following day's conference.
- Exhibitors are welcome to join the committee and invited speakers for dinner on the evening of the 8th November at [The Highfield](#).
- Special accommodation rates for the newly upgraded on campus accommodation are available for exhibitors. Please book here [www.venuebirmingham.com/sleep_using_code AERO17](http://www.venuebirmingham.com/sleep_using_code_AERO17) by 26/9/17.

The Exhibition Package **SOLD OUT**

- Pre-allocated exhibition space within the Nicolson Building refectory, University of Birmingham.
- An exhibition stand supplied (80cm x 320cm table space) + 2 chairs & electrical power points.
- **Two complimentary exhibitor delegate passes** to include lunch, refreshments, drinks reception & access to all sessions.
- Opportunity to provide unlimited promotional material/company literature for distribution within delegate conference bags.
- Your company logo on the programme, mailshots, e-newsletter and all event promotional material.
- Your company logo on the Aerosol Society website with a link to your company website.
- Your company logo on all branding at the event with a personal thank you at the opening and closing address.
- Opportunity to demonstrate your products to all our delegates including prearranged exhibitor sessions to specific delegate groups parallel to the programmes.
- Full delegate list supplied.
- Preferential accommodation rates within the university conference park.
- All of the above for the rate of **£399.00 per day** (exclusive of VAT).

Awards Sponsorship **SOLD**

In addition to exhibiting at the Annual Aerosol Science Conference, we are also offering the chance to contribute towards 2 awards which will be presented at the end of the conference by yourselves to both the outstanding junior researcher oral presentation and/or outstanding junior researcher poster presentation.

- Identified as an award sponsor with your company logo on the programme, mailshots, e-newsletter and all event promotional material.
- **One complimentary delegate pass** to the AASC to include lunch, refreshments and access to all sessions.
- Framed prize certificates x 1 or 2 including your company logo & officially thanked as the sponsor during the President of the Society's closing address.
- Your company logo on the Aerosol Society website with a link to your company website.
- Opportunity to provide unlimited promotional material/company literature for distribution within delegate conference bags.
- The Aerosol Society will administer the cash awards on your behalf.
- **Contributions invited.**

Drinks Reception Sponsorship **AVAILABLE**

We invite you to contribute towards sponsorship of an informal drinks reception within the Nicolson building refectory to conclude the Fundamentals of Aerosol Science on the 9th November and to welcome delegates arriving for the following day's conference. A great opportunity to network and discuss your latest products.

- Sole sponsor and identified as such with your company logo on all event promotional material including the programme, mailshots and e-newsletter.
- **One complimentary delegate pass** to attend on either the 8th OR 9th November to include lunch, refreshments and access to all sessions.
- Your company logo on the Aerosol Society website with a link to your company website.
- Opportunity to provide unlimited promotional material/company literature for distribution within delegate conference bags.
- Officially thanked as the sponsor during the opening and closing address at the FAS.
- **Contributions invited.**

To secure or discuss any of these options, please contact Sonia Mills admin@aerosol-soc.com / 01275 818666
